## Read and React

Follow the steps below to write a summary of any *SuperScience* article and describe how you feel about the information.

### PART 1: Summarize the article.

What is the main idea of the article? Describe the article's main idea and provide 2-3 supporting details.

---

---

---

---

### PART 2: Describe your reaction to the article.

How does the article make you feel? Before you write, think about the following questions:

- What emotions did you feel when reading the article? Why?
- What information in the article surprised, upset, or interested you? Why?
- Did the article make you aware of something new or change your previous understanding of something? How?

---

---

---

---

---

---

### PART 3: Edit your response.

Read your response out loud to a partner. Is your writing clear? Is there information you want to add? Revise your response.
