

3rd Grade Home Learning Calendar [Week 5 April 20-24](#)

Students are expected to engage in instructional activities for at least three 30-minute sessions a week for both Language Arts and Math.

	Subject Area	Activity 1	Activity 2	Activity 3	
<p><u>Essential Learning Activities</u></p>	<p>Language Arts *Students are expected to read a minimum of 20 minutes each day in addition to activities.</p>	<p>In our last reading unit, we learned how to get to know the main character in our books based on how they act and what they say. Today, you are going to read a short chapter book called Libby Wimbley: Birdhouse Builder and focus on getting to know the main character, Libby. You can even have the book read aloud to you.</p> <p>Here's the link: Libby Wimbley: Birdhouse Builder</p>	<p>Think about all the work we did with Opal in Winn Dixie. We really enjoyed that book! We worked hard to get to know who Opal is as a person based on what she did and what she said. We thought about character trait words that described her and supported the word we chose by using evidence from the story. Here's an example of our work with Opal—<i>Opal is big-hearted because she saved Winn Dixie from going to the pound and convinced her dad to let her keep him.</i></p> <p>We also practiced this strategy with the book, Dyamonde Daniel—<i>Dyamonde is friendly because she goes out of her way to be nice to the new kid in her class by sitting with him at lunch when he was sitting alone.</i></p> <p>Now, think about Libby, the main character in the book you read or listened to yesterday. Your job today is to choose a word that describes Libby and then support the word you chose with text evidence -- something that happened in the story.</p> <p>You can use this sentence stem: <u>-(character name) is (trait word) because (evidence from the text).</u></p> <p>*See a list of character trait words on the last page in this document.</p>	<p>Now, practice the work you have done with choosing a trait word and backing it up with text evidence to another book.</p> <p>You can use the just-right book you are reading right now or another book you have read recently. If you want to use a new story for this activity, you can browse the Abdo website or EPIC and choose a fiction book to read. If you are using Abdo and want the book read to you, choose "Read to me eBooks" under the "Format" tab.</p> <p>After reading or listening to the book, write a sentence that describes your main character using a character trait word and something that happened in the story that supports why you chose that word.</p> <p>You can use this sentence stem:</p> <p><u>(character name) is (trait word) because (evidence from the text).</u></p>
